About HARMONYWAY STEEL

江苏和贤达金属制品有限公司成立于2018年，是集不锈钢与碳钢销售、精密加工、仓储配国际贸易于一体的综合性钢材与加工服务商。

Founded in 2018, HARMONYWAY STEEL Co., Ltd. is a full-service provider of stainless and carbon steel, offering material trading, precision processing, and warehousing, with a strong focus on the international market.

公司专注汽车消排气系统不锈钢材

料，并不断发展，常备各类冷轧不锈钢、碳钢现货依托完善质量体系，为国内外客户提供稳定供应、定制加工、出口及全程配送服务。

The company specializes in stainless steel for automotive exhaust systems, keeping a ready stock of hot- and cold-rolled stainless and carbon steels. Backed by a strong quality system, we provide reliable supply, custom processing, and global delivery, aiming to be a leading provider of high-value raw materials worldwide.

不锈钢材料 Stainless Steel Materials

和贤达为各种应用提供广泛的不锈钢产品，常被库存3000吨，在400系材料涉足的汽车排气部件行业，以及厨卫家电行业，我们具备优势。

HARMONYWAY STEEL offers a broad range of stainless steel products, maintaining an inventory of over 3,000 tons. We are especially strong in automotive exhaust components (using 400-series materials) as well as in kitchen and home appliance applications.

系列	牌号	标准
400系(核心主营)	409L、410、410S、420、420J1、420J2、430、436L、439、441、443、444	GB、ASTM、JIS、EN
300系(奥氏体)	304、304L、321、316L、310S、309S	GB、ASTM、JIS、EN
双相钢	2205、2507、2304	GB、ASTM、EN
镍基合金(高附加值)	tincone1600、Incone1625、Incone1718、Mone1400、Haste1loy C-276、GH4169	ASTM、AMS、GB/T

汽车排气部件 Automotive Exhaust Components

原材料使用409、436、439、441、304等优质不锈钢板材,产品包括直管、弯管、波纹管、法兰、消声壳体、尾喉、装饰罩等,可满足各类排气系统配套需求。

We offer straight pipes, bent pipes, corrugated pipes, flanges, muffler shells, tailpipes, and decorative covers, all made from high-quality stainless steel sheets in grades 409, 436, 439, 441, and 304, meeting the full range of automotive exhaust system requirements.

表面处理 Surface Finishing

和贤达提供不锈钢表面加工服务,涵盖No.4,HL, 8K, 压纹, 蚀刻, 拉丝, 磨砂, 镜面等多种纹理。

We also offer stainless steel surface finishing, including No.4, HL, 8K, embossing, etching, brushing, matte, and mirror finishes, tailored to customer requirements.

压延加工 Rolling

我们可提供宽度<1000mm、厚度0.05mm-0.3mm精密钢带,广泛应用于日用五金、汽车装饰、电子、医疗、家电等行业。

We supply precision steel strips up to 1,000mm wide and 0.05-0.3mm thick, widely used in hardware, automotive decoration, electronics, medical devices, and home appliances.

深加工及零部件 Metal Fabrication & Components

我们是专业的金属材料贸易与加工服务商,精通激光切割、水刀切割、等离子切割、火焰切割、折弯成型、CNC机加工、焊接组装等加工服务。依托成熟工艺与技术支撑,可根据客户需求,完成从材料到成品的全流程交付。

As a professional metal materials supplier and processor, we specialize in laser cutting, water jet cutting, plasma cutting, flame cutting, bending and forming, CNC machining, welding, and assembly. With advanced processes and technical expertise, we deliver complete solutions—from raw materials to finished products—tailored to meet our customers' needs.
